

The Tsubaki Story

Tsubaki of Canada Limited is the Canadian division of the Tsubakimoto Chain Company of Japan, a global leader in the production and sale of industrial power transmission products. Tsubakimoto has built a global reputation amongst our customers for delivering value-added innovations in quality and technology for close to a century.

Tsubaki has been serving the Canadian market since 1973 from our Mississauga, Ontario based head office and production/distribution facility. We also have a distribution and product alteration service center in Edmonton, Alberta.

We offer a full line of reliable premium power transmission products including precision roller chains, sprockets and bushings. The Tsubaki Advantage: lowering your cost, increasing productivity and saving you money.

Tsubaki Special Attachment Chain

81X Chain Paddle Attachment

81X Chain with Trimmer Lugs

Tsubaki offers custom attachment chain available for conveyor applications for extended pitch type chain such as C2080H, C2100H, 81X, 81XHD and various other conveyor chains.

Tsubaki has chains for the following types of applications:

- Forestry
- Lumber and pulp
- Agricultural
- Mining
- Grain terminal handling
- Applications using pusher or paddle lugs
- Applications with top plates

Tsubaki offers custom bending and shaping for the attachments. Specify your attachment or pusher lug dimensions you require or Tsubaki can work with your existing design and offer suggestions to find a suitable solution for your conveyor needs.

EXAMPLES OF ATTACHMENTS OFFERED BY TSUBAKI

Tsubaki can offer many different types of attachments for all your conveyor needs. Whether it be custom or standard, Tsubaki can supply the right chain and attachment for you. Tsubaki specializes in supplying attachments for both material handling applications and for the forestry industry. Select examples of some attachments offered by Tsubaki include the following:
